Mr. J. G. Rosengarten read an obituary notice of Rev. W. H. Furness, D.D.

Mrs. Stevenson read a paper on the recent discovery in Egypt of non-Egyptian remains. Numerous specimens were exhibited, principally pottery, showing various shapes of development. These belonged to a race which had invaded Egypt 3500 or 2800 B.C., bringing its customs without adopting much from the country occupied by it.

Dr. Frazer moved the thanks of the Society to Mrs. Stevenson for her address. Adopted.

Dr. Brinton objected to the identification of the Libyans with the neolithic tribes. In his view they were near relatives of the tribes now known as Berbers. In his opinion the invaders descended on Abydos from the Oasis Magna.

Pending nomination 1346 and new nomination 1347 were read.

Dr. Greene offered a resolution of inquiry, why certain omissions were made in the records of the proceedings.

The Secretaries explained that the communication was informal and without motion and seemed to have no place in the minutes.

On the resolution being put to vote, the yeas and nays being called, it was lost by 12 nays to 5 ayes.

Dr. Brinton offered the following :

Resolved, That papers by non-members be read by title only, except when the author is present, or by unanimous consent of the Society.

The resolution was referred by consent of mover to Council.

The rough minutes were read, and the Society adjourned.

APRIL 3 being Good Friday and a legal holiday, the meeting was postponed, by direction of the President, until April 10.

Stated Meeting, April 10, 1896.

Vice-President, Dr. PEPPER, in the Chair.

Present, 18 members.

Correspondence was submitted as follows :
